## REFERENCES

## PROFILE

I am a dedicated and results-driven Front-End Developer, passionate about creating dynamic, visually appealing, and intuitive web applications. Adept at translating design concepts into responsive and interactive user interfaces. Proficient in HTML, CSS, JavaScript, and modern front-end frameworks e.g React Js etc. Detail-oriented and committed to delivering high-quality code that meets project requirements. Excellent collaboration and communication skills, with a proven ability to work effectively in cross-functional teams. Committed to staying current with emerging trends and technologies in front-end development.

## WORK EXPERIENCE

### DevProItExperts Team

#### Assistant code base manager

2022- PRESENT

- Assisted in the development and maintenance of responsive web applications.
- Conducted code reviews and provided constructive feedback to enhance code quality and maintainability.
- Gained hands-on experience in debugging and troubleshooting to improve overall code quality.
- Ensured cross-browser compatibility and optimized website performance for seamless user experience.
- Developed and maintained modular and reusable components for efficient codebase management.
- Integrated RESTful APIs to fetch and display dynamic content, ensuring data accuracy and consistency.
